LEADERSHIP & EXPERIENCE

BilliLo PK | Founder

Aug '24 - present

Non-profit animal rehoming platform

- Identified gaps in Pakistan's pet adoption ecosystem and founded a non-profit initiative to simplify animal rescue, rehoming, and responsible adoption.
- Defined the platform's vision, core features, and development roadmap based on research into local animal welfare challenges.
- Leading outreach to veterinary clinics, shelters, and animal welfare organizations to establish partnerships for the platform's launch.

BURAQ PLANETARY SOCIETY

Dec '24 - present

International Cadet → Organisational Intern → Wing Commander

Wing Commander at BURAQ x Organisation of Islamic Cooperation (OIC) 19th Camp

- Appointed as one of only two Wing Commanders selected from a cohort of 40 internationally selected cadets for the 19th Buraq camp
- Led a 20-member wing, overseeing daily operations, project reviews, conflict resolution, team morale, and participant development throughout the nine-day residential program.
- Mentored cadets through entrepreneurship challenges, negotiation simulations, and startup pitch competitions while evaluating project progress and providing feedback.
- Earned recognition for wing teamwork and morale by introducing structured accountability, delegation, and team-building practices while integrating replacement cadets and maintaining team cohesion.
- Recognized by cadets as the most impactful commander within a 7-member leadership structure

Organisational Intern

- Selected for Buraq's core marketing team, contributing to branding, website redesign, and digital outreach
- Developed long-term initiatives including the Buraq Yearbook, Squad Journals, and an inter-batch Bicycle Rally to strengthen alumni engagement and preserve the camp's traditions.
- Redesigned the final SDG module into a Shark Tank-style innovation competition, encouraging entrepreneurial thinking, structured mentorship, and collaborative problem-solving.

Cadet

- Selected among 40 national and international cadets from over 2,500 applicants for Buraq's 11-day residential leadership, entrepreneurship, and STEM program.
- Collaborated with diverse teams on innovation challenges, negotiation simulations, and entrepreneurial projects, delivering solutions through structured teamwork, communication, and problem-solving.

FROEBEL'S MODEL UN CONFERENCE 2024-2025:

Aug '24 - July '25

Twin Cities' Largest Model UN conference

Secretary General

- Led the organization of FROMUN XVI, overseeing committee selection, debate quality, marketing, logistics, and the coordination of a 200-member host team and 40-member directorate.
- **Media and Sponsorship:** Secured approximately Rs5.5 million in sponsorships while building partnerships with organizations including Second Cup, Ali Medical, and Gondal Group of Industries.
- **Budget Oversight:** Managed the conference budget across logistics, venue operations, publications, and social events while ensuring cost-effective resource allocation.
- **Long-Term Vision Planning:** Revised FROMUN's institutional handbook, introduced anti-corruption SOPs and operational archives, and led the development of its first official website, establishing systems adopted by future organizing committees.

THE BLACKHOLE

June '25 - Aug '25

Frontier science and innovation hub led by renowned physicists and public intellectuals

Internee

- Selected as a core intern for the Spaghetti Accelerator Project, contributing to the development of a high-velocity launcher under the mentorship of Dr. Pervez Hoodbhoy and senior project leads.
- Programmed Arduino-based motor control systems, including PWM control, directional logic, and sensor calibration for prototype testing.
- Collaborated with physicists and fellow interns to troubleshoot hardware, refine prototypes, and support iterative testing.
